

FASB Accounting Standards Codification®

Editorial and maintenance update 2018-04

Released: March 5, 2018

Editorial and other corrections that affect versioning of Sections for archive purposes:

This maintenance update includes non-substantive corrections to various Codification Topics and content.

This update also releases new versions of the DITA files for certain Sections 75 (XBRL Elements) contained in the FASB Accounting Standards Codification. These new files reflect updates to the links from XBRL elements in the evergreen taxonomy to the Codification. The evergreen taxonomy is a taxonomy exposed for public review and comment that reflects changes made to the development environment of the US GAAP Financial Reporting Taxonomy as they happen. The evergreen taxonomy is for public review and comment only and may not be used in the creation of filings to be submitted to the Securities and Exchange Commission (SEC). Release notes detailing the updates made to the evergreen taxonomy will be provided on a quarterly basis. See the FASB website for the latest release notes.

Paragraph	Deleted/Amended/Added
321-10-55-9	Pending Content: Transition Date: (P) December 16, 2017; (N) December 16, 2018 Transition Guidance: 825-10-65-2 To identify whether a security issued by the same issuer is similar to the equity security held by the entity, the entity should consider the different rights and obligations of the securities. Differences in rights and obligations could include characteristics such as voting rights, distributions<u>distribution</u> rights and preferences, and conversion features. The entity should adjust the observable price of a similar security for the different rights and obligations to determine the amount that should be recorded as an upward or downward adjustment in the carrying value of the security measured in accordance with paragraph 321-10-35-2 to reflect the current fair value of the security. Pending Content: Transition Date: (P) December 16, 2017; (N) December 16, 2018 Transition Guidance: 825-10-65-3 To identify whether a security issued by the same issuer is similar to the equity security held by the entity, the entity should consider the different rights and obligations of the securities. Differences in rights and obligations could include characteristics such as voting rights, distributions<u>distribution</u> rights and preferences, and conversion features. The entity should adjust the observable price of a similar security for the different rights and obligations to determine the amount that should be recorded as an upward or downward adjustment in the carrying value of the security measured in accordance with paragraph 321-10-35-2 to reflect the fair value of the security as of the date that the observable transaction for the similar security took place.

Other corrections and maintenance items that do not affect versioning of Sections for archive purposes:

Maintenance Update 2018-03	Corrected maintenance update number in release notes PDF.
